

Glu-Flex[®] Tablet

Magnesium 120mg + Glucosamine HCL 500mg + Boswellia serrata Extract (resin) 30mg

Description : Glu-Flex (Magnesium, Glucosamine, and Boswellia serrata combined preparation) synergistically refines joint health, reduce inflammation, and improve overall bone joint mobility.

Improved Joint Mobility and Flexibility : Glucosamine supports joint lubrication, and Boswellia helps reduce the stiffness associated with inflammation, leading to improved flexibility and a greater range of motion in the joints.

Synergistic Anti-inflammatory Effects : Boswellia and magnesium both help to reduce inflammation, it helps to manage arthritis associated joint pain and swelling.

Support for Cartilage Repair and Protection : Glucosamine helps build and repair cartilage, while magnesium supports the proper function of enzymes that are involved in bone and cartilage health.

Pain Reduction and Muscle Relaxation : Magnesium's muscle-relaxing properties, combined with the pain-relieving effects of Boswellia, helps alleviate muscle and joint pain, making movement easier and less painful.

Composition : Each tablet contains Magnesium 120 mg + Glucosamine HCL 500 mg + Boswellia serrata Extract (resin) 30 mg & other ingredients.
